Key Credentials:

Independent Service Provider

Nationwide Coverage

ISO 9001:2015 Certified

Trusted by Universities, NHS Trusts and Research Institutes

ABOUT MEADOWROSE SCIENTIFIC

Over 30 Years of Independent Laboratory Service Excellence

Welcome to Meadowrose Scientific, one of the UK's leading independent laboratory service companies. Established in 1994, Meadowrose Scientific has built a reputation for delivering reliable, cost-effective and responsive service support to laboratories across the United Kingdom.

Our customer base includes:

- Universities
- NHS Trusts
- Government Departments
- Food Testing Laboratories
- Research Institutes
- Private Sector Laboratories

Why Independence Matters

Unlike manufacturer-owned service organisations, our independence allows us to provide unbiased support across multiple equipment brands.

We focus on:

- Maximising equipment uptime
- Reducing operational costs
- Extending equipment life
- Supporting compliance requirements
- Delivering value for money

OUR SERVICE CAPABILITIES

Comprehensive Laboratory Equipment Support

Our experienced multi-skilled engineers provide:

Preventative Maintenance

Scheduled servicing programmes designed to minimise downtime.

Repairs & Breakdown Support

Rapid response support to restore operational capability.

Calibration

Traceable calibration services supported by UKAS-accredited standards.

Validation & Qualification

Supporting laboratory quality systems and regulatory compliance.

EQUIPMENT WE SERVICE

Supporting a Wide Range of Laboratory Equipment

Balances
Routine servicing, repair and calibration with certification traceable to National Standards.

Centrifuges
Micro, bench-top, floor-standing, high-speed and ultra centrifuges.

Incubators
CO_2 hypoxic, shaking, rolling, biochemical and bioscience incubators.

Laboratory Ovens
Preventative maintenance and repair services.

Water Baths
Service, maintenance and repair support.

ULT Fridges & Freezers
Maintenance and breakdown support from –20°C to –80°C.

Ice Makers & Ice Flakers
Routine maintenance and repair services.

Thermal Cyclers
On-site and workshop servicing with temperature qualification.

Laboratory Glassware Washers
Maintenance, servicing and repair support.

QUALITY ASSURANCE

ISO 9001:2015

Quality You Can Depend On

Quality and compliance are central to every service we provide.

ISO 9001:2015 Certified

Our Quality Management System ensures consistency, traceability and continual improvement.

Calibration Assurance

All calibration and test equipment used by Meadowrose Scientific is calibrated and certified through UKAS-accredited laboratories.

Service Documentation

Our customers receive:

- Detailed service reports
- Calibration certificates
- Validation documentation
- Asset history records

SERVICE AGREEMENTS & CONTRACT OPTIONS

Flexible Service Solutions to Meet Your Requirements

At Meadowrose Scientific, we recognise that every laboratory operates differently. For this reason, we offer a range of service agreements and support options that can be tailored to your operational, compliance and budgetary requirements.

Customised Contracts

Customised contract packages can be designed around your specific equipment portfolio, service requirements and budget.

Our sales team will be pleased to discuss a solution tailored to your organisation.

Group Contracts

We currently support numerous multi-site and multi-department organisations through bespoke group contract arrangements.

Benefits include:

- Simplified administration
- Consistent service delivery
- Centralised management
- Preferential pricing and substantial discounts or reduced contract and breakdown costs

Service Without a Contract

Not every organisation requires a formal service agreement.

Meadowrose Scientific provides:

- Preventative maintenance visits
- Breakdown repairs
- Calibration services
- Validation and qualification services

All available on a pay-as-you-go basis at competitive rates.

Service Contract Options

A1 Contract

Preventative Maintenance Only

Includes:

- One scheduled preventative maintenance visit per year
- Labour and travel costs
- Reduced labour and travel rates for emergency breakdown visits
- Spare parts charged separately

B1 Contract

Preventative Maintenance + Breakdown Cover

Includes:

- One scheduled preventative maintenance visit per year
- Labour and travel costs
- Unlimited emergency breakdown visits with labour and travel at reduced rates
- Spare parts are charged separately

Z1 Contract

Calibration & Qualification

Available as:

- A standalone agreement

or

- An addition to any maintenance contract

Includes:

- Calibration against traceable standards
- Performance qualification
- Certification and documentation

Additional Preventative Maintenance Visits

All contract options can be upgraded to include:

- Two visits per annum
- Three visits per annum
- More frequent visits where required

Programmes can be tailored to meet the operational criticality of equipment, usage levels and compliance requirements.

WHY CHOOSE MEADOWROSE SCIENTIFIC?

The Advantages of Working with Meadowrose

For more than three decades, Meadowrose Scientific has helped laboratories maximise equipment uptime, maintain compliance and control service costs through responsive, independent engineering support.

Reduced Costs
Lower contract and breakdown expenditure.

Simplified Administration
One service supplier for multiple equipment categories.

Guaranteed Response Times
Prompt support when equipment failure occurs.

Dedicated Engineers
Engineers who are familiar with your site, equipment and procedures.

Personal Account Management
A dedicated point of contact for all service activities.

Direct Technical Support
Immediate access to our support team via telephone and email.

TRUSTED ACROSS THE SCIENTIFIC COMMUNITY

Industries We Support

Universities
Supporting research and teaching laboratories.

NHS Trusts
Supporting critical healthcare laboratory operations.

Government Organisations
Reliable support for public sector scientific facilities.

Food & Environmental Testing
Ensuring continuity of testing operations.

Research Institutes
Supporting cutting-edge scientific discovery.

Commercial Laboratories
Helping maximise productivity and compliance.

Let's Discuss Your Service Requirements

Whether you require a fully managed service contract, calibration programme, preventative maintenance support or emergency breakdown cover, Meadowrose Scientific can provide a solution tailored to your laboratory.

Our experienced team will work with you to develop a service programme that maximises equipment uptime, supports compliance requirements and delivers outstanding value.

Contact our sales team today to discuss your requirements.
